Bernard,

(b)(5)

We forgot to embed the documents. I am attaching the information to this e-mail.

Here is a little history regarding this complaint.

CMT originally rec'd this complaint directly from the taxpayer back in July 2010 and submitted it to the IRS based on alleged employee misconduct regarding the taxpayer's audit. The taxpayer also cc'd several members of Congress.

Karen Kraushaar inquired last week if the Congressional had been rec'd. According to R. Castleberry, no Congressional has been received to date.

(b)(5)

The taxpayer states in one of his e-mails that SIGTARP announced on 10/14/2010 that an investigation is being conducted on possible illegal activities in GM's and Chrysler's dealer terminations.
