Subject: Additional Signer information

Mr. Pasquale -

I have attached the following:

1. Revised contact information list. I have added a phone number for [REDACTED], although it is from March 2010. [REDACTED] I have not been able to obtain the number of [REDACTED], but most likely any of the other people on the list can get it for you. [REDACTED] On the contact list, I also corrected his e-mail address to [REDACTED]
2. Color coded June 21 letter. I discovered that I sent you the wrong letter in the attachment yesterday, for which I apologize.
3. Copies of pages from my January 27, 2009, deposition in which GM's attorney questioned me about the IRS audit. I had quoted from this section in my three page cover letter to TIGTA. You will note in the deposition that Mr. Oxford was quite interested in what I knew about a GM/IRS connection, and brought up a damage claim that I had not even mentioned. I was non-committal about such a claim in my statements, saying an expert would determine damages. In the last two pages, #1172 and #1173, of the attached (you will note a gap before the last two pages,) Mr. Oxford asks for copies of IRS documents, which I later furnished. He added, "Since that series of events the witness has testified is a portion of the damage claim against General Motors, I would like to ask that those documents be produced." It is noteworthy that he assumed that it would be part of the damage claim, even though I didn't say that. To me, his questioning about the IRS and assumption that I would claim damages create a clear window into his knowledge of GM collusion. Bear in mind that at that time I had not even obtained FOIA documents, which later further solidified my belief. I received the FOIA documents in the summer, after GM had
