His information was forwarded to our field office for investigative determination. I really can't tell what the status is at this point. He may want to wait at least 60 days to inquire as to what the status is.

He can always go through our Disclosure office to request information.

**Importance:** High

Belinda - Don Signer called me last night. He is very frustrated that the complaint he filed in June is not being investigated. Well, he actually would not know that the case was or was not being investigated, he is just presuming that it is not because no one from TIGTA has contacted him. Anyway, he wants me to give him the phone number and/or e-mail address of the TIGTA agent that is assigned to work his case. I told him that I would contact you and find out the proper person and avenue for him to make contact.

So, is there anyone that Mr. Signer can call or contact in some manner? If not, is there a timeframe I can give him as to when he might hear about his case? Is there any other type of help you might be able to give me so that I can address Mr. Signer's concern about his original complaint and his current complaint that we are not being responsive to him? Thank you for your help. - Mark
