

Meeting w/ Kindley 1-7-86

- Doty target move date 5-86, Kindley thinks about announcement time
- nothing will happen in Fremont till Doty moves
- fever on Fmt point very high lately, rumor was Dodge dr (assumed Torian) got Cadillac
- 1st thing that must happen, Detroit must assign P.P., then Kindley must argue it - Fmt now a "study area" not open point
- can't justify adding drs till bus improves
- when Doty moves there will be no dr. better Oak & S.J., maybe can justify point for soc. convenience alone
- Kindley says if P.P. not high enough "may have to swallow the idea of duelling"
- he asked how I would rate myself against other FM drs in Fmt. I said "the best"
- he said if he had to duel, Smith wouldn't be 1st choice
- he asked if he gave us franchise today, where would I put it?
