

Thurs 3-29-90

Frank called approx 10:30, wanted to see me, came right over. Said chose me for Cad because of sales + CSI, if had to do over again would do same thing. Said talked to Fitzgibbon that morning. He and Jim Dean had been to my store twice, looked over lot (never been inside.) Said if Auto Center goes, no problem. If not, I need to tell Cad what I will do for them in current facility. Frank suggested I have Dinges extend showroom or build separate, offer him \$500 - \$1000 more rent for 10 years. He also pushed Motors Holding. Told me I would be led in current facility after Auto Center approved.
