Frank Liebzoff returned my call. Said he got ^{copy of} my letter to Marty. I told him Henderson called me, indicated a possible way to go if capitalization fixed. Frank said if Buick would help, he + Kitzmiller would go to home office + insist that Cad help, too.

I told him I received ~~my~~ ^{his} letter. He said he had to respond to my letter, but understood + sympathized with my efforts. I told him my understanding of 3/9 mtg was that ^{Cad} ~~it~~ would come in my place either way. He said Cad wouldn't go for it.

I told him rather than get into detail of what had been said, I would just put deal together then discuss it. I told him the hell I was going through. He said he knew that, esp. compared to Moran + DeCunzio.
