

Knox 5-16-91

Knox returned my call, has read the book
said re working on a couple "GM Villages" like mine
elsewhere, but they are well capitalized ^{to weather ups} & downs
I responded GMAC loaned me \$300, then \$500,
if no S+S or Cd came earlier, I would be
well ^{upped} too - what I'm trying to do now
will allow me to weather ups & downs
If I had other lines 3 yrs + 7 mos. ago, I'd
be in good shape now
Chev - Olds - Buick is called "Metro" at 4th + La Brea
I asked "how much do I need?"
