Dear John:

Enclosed is the signed agreement for the Auto Mall property. It's a good feeling to finally be under way!

I'd like to express my appreciation for your cooperation in putting this deal together. It has been a pleasure working with you and other members of your company. It is obvious from my experience that Catellus is a quality company with the highest of business ethics.

Again, thank you, and best of luck on the Pacific Greens Project.

Sincerely,
