The Honorable Barack Obama

Dear President Obama:

This is to advise you of what I believe to be a fraudulent cover-up committed by the Treasury Inspector General for Tax Administration's (TIGTA) office regarding a complaint I filed in June 2010. TIGTA file documents I obtained in June 2011 reveal that TIGTA employees made false statements to "justify" avoiding the conducting of an investigation that undoubtedly would have confirmed the criminal allegations in my complaint. In April 2011, TIGTA responded to inquiries by Congressman Pete Stark and Senator Barbara Boxer stating that it "found no evidence" to support my allegations, and used deceptively worded statements that made it appear that an investigation had been conducted. In truth, TIGTA found no evidence because it didn't look.

My well-documented June 2010 complaint alleged that the Internal Revenue Service (IRS) conspired with General Motors (GM) in 2005 and 2008 to harass and financially damage me as inducements for me to concede to GM's stated desire to acquire my Buick and Cadillac franchises for a factory-controlled takeover of my local market. I had owned Signer Buick-Cadillac in Fremont, and then later Newark, California since 1980. As the IRS audits and other GM acts of harassment failed to cause me to sell the business I built from scratch, GM ultimately terminated me at the time of its bankruptcy and Treasury Department TARP bailout. It then awarded my franchises to a favored dealer.

On August 5, 2011, by e-mail and U. S. Mail I informed Treasury Inspector General George of my observations of TIGTA wrongdoing and invited his comment. Having not received a response from Mr. George, I sent the enclosed September 9 letter describing subsequent steps I took that led up to my reporting of TIGTA's fraudulent actions to the Federal Bureau of Investigation (FBI) on September 1.

As TIGTA's mission is to monitor IRS fraud, waste, and abuse, my observation that TIGTA itself has committed fraud in its cover-up of the alleged GM/IRS criminal collusion is an absolute disgrace. **As such, I request that you direct appropriate personnel to see that the following actions be taken:**

1. Assure that Treasury Department officials are held accountable for the fraudulent acts I allege that TIGTA committed in response to my June 2010 complaint.
2. If the identities of IRS and GM officials responsible for the alleged collusion are known, assure that criminal charges are filed. If the identities are not known, assure that a full and honest investigation of my June 2010 allegations is conducted and appropriate charges filed based on the findings.

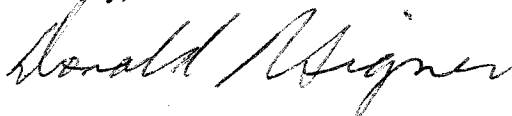

Detailed descriptions of my allegations of GM/IRS collusion and the TIGTA cover-up, including links to supporting documents and correspondence, are available on donsigner.com.

I would like to take this opportunity to express my outrage at GM's Treasury-supported termination of my franchises at the time of its bankruptcy, and the consequential destruction of everything I have ever worked for. GM did not take my franchises to reduce dealer count as it told Congress was necessary, but instead did so to give them to a favored dealer, as it did in a large number of other terminations. This legalized confiscation of my business for the benefit of a favored person is an action that one would not believe could happen even in a corrupt third world country, let alone in the United States of America. As the GM's ruthless and groundless taking of my business destroyed me both financially and emotionally, I find it hard to comprehend how those responsible for the actions can live with themselves.

It is important to understand that, while I share the pain of life-changing final destruction with hundreds of other terminated dealers, GM began its systematic, intentional engineering of my demise many years earlier and got away with it after cheating me out of many millions of dollars, as described on donsigner.com. TIGTA's apparent cover-up only adds more fuel to the fire of the GM/IRS conspiracy. As I live every day with the empty aftermath of the many despicable actions I have been subjected to by GM and the Treasury Department, I fully intend to pursue to conclusion accountability and justice in what I believe are criminal actions by many parties.

Thank you for your attention to this serious matter.

Sincerely,

Donald R. Signer

The Honorable J. Russell George
Treasury Inspector General for Tax Administration
1125 15th St NW, Suite 700
Washington D.C., 20005

Dear Inspector General George:

On September 2, I received Principal Deputy Inspector General Hungate's August 29 letter responding to my August 5 letter to you. Please be advised that Mr. Hungate's letter convinces me more than ever that TIGTA engaged in a cover-up of what was a General Motors/IRS conspiracy to harass and financially damage me.

The evasive doubletalk contained in Mr. Hungate's letter, using the deceptive words "review" and "inquiry," insults my intelligence in light of the fact that no investigation was conducted per TIGTA file documents. As the Office of Investigations is not the Office of "Reviews" or "Inquiries," only a full and honest investigation would have created any credibility. As it is, the phrase "found no evidence" is meaningless, and I believe could not have been used if an investigation had been conducted. **Conspicuously absent from Mr. Hungate's letter is any denial of my allegations – an omission that could only mean that my observations are accurate.**

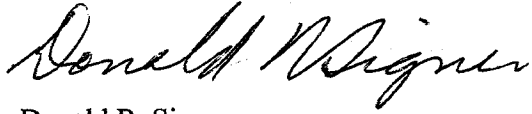

After not receiving a response to my August 5 letter, I took the following actions:

- August 22: I mailed a letter to Treasury Secretary Geithner, with copies of my July 9 and August 5 letters to TIGTA personnel. I noted that I had received no response to either.
- August 31: I met with a representative of Congressman Stark and furnished TIGTA file documents that reveal TIGTA's non-investigation. I explained my observation that the documents point to a cover-up, as well as disprove the reasonable interpretation of Deputy Inspector General Camus's April 27 letter to Congressman Stark that an investigation had taken place.
- September 1: I reported TIGTA's actions to the Federal Bureau of Investigation (FBI.) I referred the FBI Agent to my website, donsigner.com, which contains the detailed history and related documents.

The letter I received from Mr. Hungate on September 2 did nothing to change the observations I shared with the above individuals. As you did not respond to my August 5 letter

to you, I will go forward on the assumption that you, like Mr. Hungate, do not deny my allegations regarding TIGTA's actions.

Sincerely,

INSPECTOR GENERAL
FOR TAX
ADMINISTRATION

Mr. Donald Signer

Mr. Signer:

I am in receipt of your correspondence to me and other Treasury Inspector General for Tax Administration (TIGTA) staff regarding a complaint you filed.

TIGTA's Office of Investigations (OI) followed established complaint review procedures given the nature and content of your initial complaint alleging fraud and harassment committed by unnamed officials of the Internal Revenue Service (IRS) and General Motors Corporation (GM) in your June 21, 2010 letter to TIGTA. TIGTA OI staff conducted a review and found no evidence to support your allegations of fraud and harassment by IRS officials. Further, we found no evidence to support your assertion that IRS and GM officials conspired to commit fraud and to harass you by auditing your tax returns. Our inquiry revealed that your tax returns were examined without external influence because of legitimate IRS business reasons.

After receiving your most recent correspondence dated August 5, 2011, TIGTA OI conducted another examination of the documents relating to our inquiry into the allegations in your complaint. We again found no evidence of collusion between officials of General Motors and the IRS to audit your tax returns.

Sincerely,

A handwritten signature in black ink, appearing to read "Joseph J. Hungate, III".

Joseph Hungate, III
Principal Deputy Inspector General
